## FINLAND - THE SAFEST COUNTRY IN THE WORLD

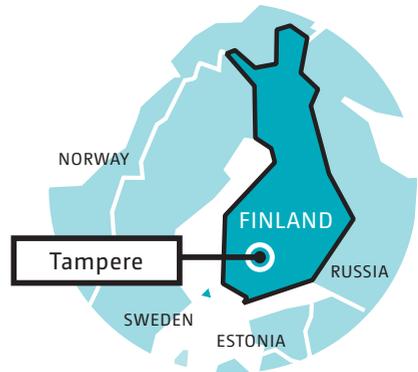

Located in the far North of Europe, nestled between Sweden and Russia, Finland is a truly unique destination for exchange studies. The nature with its thousands of lakes and vast forests is always nearby. The winters can be harsh, but the magical winter wonderland we get to experience more than makes up for it. The summers are wonderfully light.

Finland tops international rankings in a number of areas: its stability, safety, and education system are among the best in the world.

The Finnish population is mostly fluent in English, so it is easy to get by even without any Finnish skills. But you might just want to learn a little of our beautiful, if a little strange, language.

The city of Tampere is the third largest city in Finland with 230,000 inhabitants, and the largest inland city in the Nordic countries. Tampere is easy to reach from the capital or directly by plane. The city is located on a ridge between two beautiful lakes – a truly magnificent sight in both winter and summer.

Tampere has a vibrant student life and has actually been voted the most student friendly city in Finland. Public transport is well organized, there are plenty of sport and hobby possibilities and a lively culture scene. In Tampere you will enjoy a relaxed, small town lifestyle.
